WHY BANKMED?

Bankmed value

As a Bankmed member, you are part of an exclusive club. Bankmed is a closed medical scheme that is tailored specifically for the banking industry. This gives us invaluable experience and insights into your specific needs, and the ability to offer you a medical scheme that gives you what you need, when you need it.

Scheme overview

Bankmed is registered in terms of the Medical Schemes Act 131 of 1998 and all rules and our benefits are approved by the Council for Medical Schemes. With more than 100 years experience as a medical scheme, we exist solely for your benefit. We don't pursue profits or try to accumulate reserves.

We are managed by a Board of Trustees, who prioritises the interests of our members and the Scheme's sustainability. Half of the Trustees are elected by members. Our unique approach to healthcare is underpinned by the ability to support employer groups with health solutions that have a measurable impact on the health of members and, by extension, the health of the organisation.

Bankmed's initiatives contribute to members' wellbeing and productivity

Bankmed participates in an annual survey commissioned by Health Quality Assessment (HQA). The survey measures the clinical quality of the benefit offering of medical schemes. Based on the HQA's 2018 findings, Bankmed is ahead of the industry in most clinical quality indicators.

With financial sustainability forming the foundation of the Bankmed Medical Scheme, we aim to provide our members with benefits that exceed the market average. We focus on our members' needs holistically. Bankmed goes beyond profit, add-ons and incentives. We are committed to meeting our members' healthcare needs.

Because Bankmed is for you. For your family. For your good health.

Bankmed has been awarded the AA+ Global Credit Rating for the eighth consecutive year! The only closed medical scheme to achieve this credit rating in SA.

WHAT SETS BANKMED APART FROM OPEN SCHEMES?

Compared to the average open scheme*

Global Credit Rating – 2017

Bankmed's Solvency Ratio as at 31 December 2017 vs. Industry Average (CMS Annual Report 2017)

Non-healthcare Expenses Ratio (Administration, Managed Care and General Administration Expenses)

We offer a range of Plans to suit our members' healthcare needs and pockets

Our value proposition includes:

Preventative Care and Wellness

Good health starts with knowing your health. Bankmed offers wellness initiatives, Wellness Days at your workplace and Preventative Care programmes that help us to identify your risks early. This allows you to be in your best possible health.

Prescribed Minimum Benefits (PMBs)

No matter which Plan you choose, you are covered for the Prescribed Minimum Benefits as set out in the Medical Schemes Act.

Good Governance

Bankmed is governed by a competent Board of Trustees who put members' interests and Bankmed's sustainability first.

Sexual Health

We pay for certain screening tests and procedures from the Insured Benefit, which means looking after your sexual health does not affect your day-to-day benefits. We pay for Pap smears and offer a circumcision benefit on all Plans and female birth control on all Plans except the Essential Plan. Members also have cover for HIV counselling and testing as well as a full HIV treatment programme if they need it.

Always there when you need us

With our Bankmed App and website, you can always reach us, wherever you or your family happen to be.

On-site Support

Bankmed comes to your workplace to help you with any questions about your benefits and services.

A promise for a select few

Our commitment to you is reflected in the value we provide. We do this through Plans and benefits designed specifically for the banking industry.

Bankmed is a medical scheme that is exclusively for the banking sector

All our Plans, benefits and contributions are designed with you in mind. We are experts in designing Plans and benefits that reflect our understanding of your career, your challenges, your workplace and the risks that you face each day.

Bankmed offers incredible value for money

Apart from the six different Plans to suit every member's health needs and pocket, we have consistently shown that we are Rand-for-Rand one of the most competitive medical schemes in the market in terms of cost versus benefits offered.

*based on independent actuarial analysis.

PART B – YOUR BENEFIT OPTIONS

GETTING THE MOST OUT OF YOUR PLAN

No matter which Plan you choose, you can take steps to get the most out of your benefits and the best value for your money:

- Use a day clinic rather than an acute hospital if the procedure can be done at a day clinic to avoid out-of-pocket upfront payments (deductibles)
- Have regular health screenings. We pay for them from your Insured Benefit. What this means is that the claim won't affect your day-to-day benefits
- Make your day-to-day benefits last longer by using a Healthcare Professional we have a payment agreement with (a network provider or Designated Service Provider)
- Don't use up your day-to-day benefits if you can register for a programme that gives additional cover. Contact Medicine Advisory Services if you need cover for chronic medication or register on the Baby-and-Me Programme if you are pregnant
- Visit our website or use the Bankmed App to keep your contact details up to date, check what benefits you have available, search for a Healthcare Professional, share your medical history with your Healthcare Professional through your Electronic Health Record (EHR), request membership and tax certificates, and more
- Keep your medical information with you by downloading the Bankmed App to your smartphone or other smart device. Visit www.bankmed.co.za for details

Remember: You have access to 24-hour medical transport and a medical advice helpline on 0860 999 911, as well as unlimited hospitalisation in an emergency.

CHOOSING YOUR PLAN OR LOOKING TO CHANGE PLANS?

These four options are basic summaries to help you to select the best Plan for you. Please refer to the detailed Benefit & Contribution tables to compare benefits, costs and limits.

CALCULATE YOUR MONTHLY CONTRIBUTION

Look at the 2019 contribution tables provided on the next page and follow the steps below to calculate how much the Plan you are considering may cost. Remember to ask your employer if you qualify for any subsidies, as this may make different Plans more affordable:

STEP 1 Work out your income category

STEP 2 Write down the cost for Member in the Total Contributions column (for your income category)

STEP 3 Multiply the number of adult dependants* by the amount under Adult Dependant in the Total Monthly Contribution column

STEP 4 Multiply the number of child dependants** by the amount under Child Dependant in the Total Monthly Contribution column. You pay for your first three children you register on your Plan

STEP 5 Add the values you wrote down in step 2, 3 and 4 to calculate your total contributions***

* An adult dependant is a spouse, partner, member's child or grandchild 23 years or older or any other immediate family member for whom the member is responsible for family care and support (and who qualifies as a dependant).

** A child dependant is the member's biological child or grandchild who is dependent on the member, a stepchild, legally adopted child or any child placed in the custody of the member or the member's spouse or partner, and who is younger than 23 years.

*** This calculation does not include late-joiner penalties. Please add them if they apply to you.

CONTRIBUTION PENALTIES FOR PERSONS JOINING LATE IN LIFE

The Board may, in addition to the contributions stated, impose contribution penalties up to the specified ratio for a late-joiner. A late-joiner is defined as an applicant or adult dependant of an applicant who, at the date of application for membership or admission as a dependant, as the case may be, is 35 years of age or older, but excludes any beneficiary who enjoyed coverage with one or more medical schemes as from a date preceding 1 April 2001, without a break in coverage exceeding three consecutive months since 1 April 2001.

Penalty bands	Maximum penalty
1 – 4 years	0.05 x risk contribution
5 – 14 years	0.25 x risk contribution
15 – 24 years	0.50 x risk contribution
25+ years	0.75 x risk contribution

Any years of creditable coverage which can be demonstrated by the applicant will be subtracted from his current age in determining the applicable penalty. Creditable coverage is defined as periods of previous medical scheme cover (medical schemes registered in South Africa). Proof will be required when presenting prior coverage information.

GLOSSARY OF TERMS

To help you understand the terms we use in the overview of our benefits and contributions tables.

TERM	ACRONYM	DEFINITION
Above Threshold Benefit	ATB	This is a limited out-of-hospital Insured Benefit that provides additional out-of-hospital cover. When the member's cumulative expenses equal the Annual Threshold amount, the member enters the Above Threshold Benefit. This is only available on the Plus Plan
Annual Threshold	AT	A predetermined Rand value which is calculated based on the number of people linked to a specific membership. Day-to-day claims accumulate to the Annual Threshold at 100% of the Scheme Rate and, once reached, the Above Threshold Benefit can be accessed for extended non-Prescribed Minimum Benefit out-of-hospital cover. This is only available on the Plus Plan
Approved Baskets of Care	BOC	This is a predefined set of out-of-hospital consultations, procedures and diagnostic tests which are covered to manage Prescribed Minimum Benefit conditions. A member must be registered on the Chronic Illness Benefit in order to qualify for the Basket of Care
Benefit Entry Criteria	None	Condition-specific standardised entry and verification criteria that the member must meet in order for the member's condition to be covered by the Chronic Illness Benefit and relevant PMB Baskets of Care
Board of Healthcare Funders	BHF	An industry representative body to the healthcare funding industry. Healthcare Professionals are required to register their practice numbers with BHF in order that they be recognised by medical schemes for billing purposes
Cost	None	The net cost (after discount) charged for a relevant health service or, for a contracted or negotiated service – the contracted rate. With regards to surgical items and procedures provided in hospital, 'cost' refers to the net acquisition price
Designated Service Providers	DSPs	The doctors, specialists, hospitals and pharmacies with whom Bankmed has negotiated preferential rates
Emergency Medical Condition	EMC	This means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction to a bodily organ or part, or would place the person's life in serious jeopardy
Emergency Medical Services	EMS	Ambulances etc
Formulary	None	This is a comprehensive list of medications and treatments for which you are covered for a particular benefit
In-Hospital	IH	Refers to all related, approved costs during procedures (emergency or elected) which occur during a hospital stay
Insured Benefit	None	This is a benefit that pays directly from a members risk spend, instead of from the member's Medical Savings Account
Medicine Reference Price List	None	Reference pricing system that uses a benchmark or reference price for generically similar products. The fundamental principle of any reference price system is that it does not restrict a member's choice of medicine but instead limits the amount that will be paid
Member	M	Member without dependants
Member and Dependants	M+	Member with dependants
Medical Savings Account	MSA	The Medical Savings Account covers the cost of day-to-day expenses such as visits to GPs and dentists as well as the cost of medication, subject to the availability of funds in the Medical Savings Account. The full annual amount is available on 1 January every year and any leftover Medical Savings are carried over to the following year. This is only available on specific Plans
Out-of-Hospital	OH	Refers to any procedures, treatments, claims or benefits which occur without an overnight hospital stay. Also known as 'day-to-day'
Preferred Providers	DSP	A provider chosen by a medical scheme to provide specific services for its members. These services may be furnished at discounted rates. Members must visit these providers to enjoy full cover
Prescribed Minimum Benefits	PMBs	A set of minimum benefits to be funded by all medical schemes as per the Medical Schemes Act and Regulations, in respect of the PMB conditions. A PMB condition is 'a condition contemplated in the Diagnosis and Treatment Pairs and chronic conditions defined in the Chronic Disease List in Annexure A of the Regulations or any emergency medical condition'
Rand Value	R	This is the South African Rand amount a member would have paid if the specified service or treatment was obtained in South Africa
Scheme Rate	None	The rate determined in terms of an agreement between the Scheme and a Healthcare Professional or group of Healthcare Professionals with regards to payment for relevant services
Self-Payment Gap	SPG	The Self-Payment Gap comes into effect when a member runs out of funds in their Medical Savings Account before reaching the Annual Threshold. When a Self-Payment Gap is in force, the member is personally responsible for the payment of all day-to-day medical expenses. Members must continue to submit claims during this time as they count towards the Annual Threshold. This is only available on the Plus Plan

HOSPITAL ADMISSION GUIDELINES

Important information to note when being admitted to hospital

Being admitted to hospital can be stressful. We hope that by sharing this information with you, we can help you plan your admission.

Hospital pre-authorization

You must get authorisation before you are admitted to hospital for a planned procedure. Contact us for pre-authorization as soon as you and your Healthcare Professional have agreed on a date for admission by:

 calling **0800 BANKMED (0800 226 5633)**

 sending an e-mail to treatment@bankmed.co.za or

 sending a fax to **021 527 1928**

If your Healthcare Professional obtains authorisation on your behalf, it is essential that you ensure that you obtain all the information about the authorisation from the Healthcare Professional. This will include information about what will and will not be covered, any co-payments or deductibles and possible shortfalls. Bankmed cannot be held liable for information not shared with members by their Healthcare Professionals.

If you are admitted to hospital in case of an emergency, please contact us for authorisation within 48 hours.

Ask your treating Healthcare Professional for the following information and have it at hand when calling for pre-authorization:

- Your treating Healthcare Professional's practice number
- Name of the hospital to which you or your dependant will be admitted
- The date of admission
- The diagnosis code (ICD-10 code)
- Any tariff and procedure codes that will be used

We send an authorisation letter directly to the hospital and to the member as soon as the admission is approved and we will send you an SMS with pre-authorization details if we have your cellphone number.

Pre-authorization is not a guarantee of payment

When we give you pre-authorization, we confirm that your hospital admission meets our clinical protocols for funding. It does not guarantee we will cover all the costs related to the hospitalisation as this depends on your Plan's limits. Always check your Plan limits in the benefit schedule and call us on **0800 BANKMED (0800 226 5633)** for benefit confirmation if you are unsure.

Upfront payment (deductible) when you are admitted to hospital

You may have to pay an amount upfront when you are admitted to a hospital or a day clinic for certain procedures. You don't have any upfront payments for emergency admissions, re-admissions within six weeks of discharge or childbirth.

If you have an upfront payment, you will only have to pay one deductible for each admission. However, we calculate the upfront payment according to the highest deductible for the admission.

Refer to the section on Deductibles in this Benefit and Contribution Schedule for more information.

How we pay your treating Healthcare Professional?

The benefits (rate of cover and limits) to which you are entitled are set out in the Benefit and Contribution Schedule.

Always discuss costs with the treating Healthcare Professional and ask if they charge the Scheme Rate. If they charge more than the Scheme Rate, you have to pay the difference.

Ask whether other Healthcare Professionals (such as an anaesthetist or an assistant) will be involved in your treatment and if they charge the Scheme Rate.

If you negotiate tariffs upfront, you can avoid unexpectedly having to pay a large amount yourself.

We pay a lower fee if more than one procedure is done while under one anaesthetic.

Industry guidelines require that Healthcare Professionals charge lower fees for second and subsequent procedures performed under one anaesthetic, than they would charge when performing these procedures individually. Your treating Healthcare Professional is aware of these guidelines and should follow them. Ask them to go through any planned charges with you before the procedure and discuss the cost. Make sure that you are not billed the full amount if you are having more than one procedure under one anaesthetic.

Ensure your contact details are updated at all times

We send pre-authorisation letters to the provider and to the member directly when pre-authorisation is granted. We send the pre-authorisation letters directly to your dependant if the dependant is aged 18 years or older.

Please ensure that your e-mail address is updated with us at all times. Please also ensure that we have been provided with your dependant's e-mail address if they are aged 18 years and older. These letters contain important information about what will and will not be covered by Bankmed.

Bankmed cannot be held liable for any consequence resulting from lack of receipt of letters by members and/or their dependants when contact details were not updated for correspondence and confirmation purposes.

Discharge planning

While you are in hospital, your Healthcare Professional and the hospital stays in contact with us to ensure we have updates to your authorisation if your treatment plan changes. A case manager also helps you with leaving hospital if you need rehabilitation in another setting, such as a step-down facility, or if you need home nursing. Cover for step-down facilities and/or home nursing depends on the available benefits on your Plan.

COVER FOR EMERGENCIES

Your benefits also include cover for medical emergencies in South Africa.

What to do in an emergency?

In an emergency, call **Bankmed Emergency Services** on **0860 999 911**. This number is on your membership card so you always have it on hand. We suggest you save it on your cellphone under 'medical aid emergency' too.

PRESCRIBED MINIMUM BENEFITS (PMBs)

What you need to know about Prescribed Minimum Benefits (PMBs)?

According to the Medical Schemes Act 131 of 1998, all medical schemes must cover the costs of Prescribed Minimum Benefits (PMBs) as long as the member meets the clinical entry criteria, follows the prescribed treatment and uses a Network Provider, sometimes called a Designated Service Provider (DSP).

PMBs only apply within the borders of South Africa.

What are Prescribed Minimum Benefits (PMBs)?

PMBs are a set of defined benefits that make sure that all medical scheme members have access to certain minimum health services, regardless of their Plan. Medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- Any life-threatening emergency medical condition
- A limited set of 270 medical conditions (defined in the Diagnosis Treatment Pairs)
- 25 chronic conditions (defined in the **Chronic Disease List**)

Criteria for full Prescribed Minimum Benefit cover

There are three criteria for full cover:

- 1. Your condition must be on the PMB lists**
- 2. You must use Formularies and the treatment provided for in the Basket of Care**

There are limits and conditions to cover. You must use medication from our medicine list to avoid any out of pocket expenses.

- 3. You must use our Designated Service Providers for full cover**

A Designated Service Provider is a Healthcare Professional we have a payment agreement with. You may use a non-Designated Service Provider, but this may mean you have to pay part of the claim yourself.

If you are in hospital, we fund claims if you obtained the necessary pre-authorisation.

Is my condition covered?

A **life-threatening emergency medical condition** is the sudden and unexpected start of a health condition that needs immediate treatment or an operation. If the treatment is not available, the emergency could result in weakened bodily functions, serious and lasting damage to organs, limbs or other body parts, or even death. In an emergency, it is not always possible to know if the medical condition is life-threatening. Bankmed may request that the diagnosis be confirmed with supporting evidence within a reasonable period of time.

A Healthcare Professional must diagnose you with a condition on **the list of 270 PMB diagnoses**. For us to cover you, your Healthcare Professional must use the correct ICD 10 code for the condition.

We cover chronic conditions through our Chronic Illness Benefit. If you are diagnosed with a chronic PMB condition, you have to register before you have access to its cover. If you don't register, we will cover your treatment from your day-to-day benefits.

The **Chronic Disease List (CDL)** specifies medicine and treatment for the 25 chronic conditions that are covered in this section of the PMBs:

- Addison's disease
- Asthma
- Bipolar mood disorder
- Bronchiectasis
- Cardiac failure
- Cardiomyopathy
- Chronic obstructive pulmonary disease
- Chronic renal disease
- Coronary artery disease
- Crohn's disease
- Diabetes insipidus
- Diabetes mellitus types 1 & 2
- Dysrhythmias

- Epilepsy
- Glaucoma
- Haemophilia
- Hyperlipidaemia
- Hypertension
- Hypothyroidism
- Multiple sclerosis
- Parkinson's disease
- Rheumatoid arthritis
- Schizophrenia
- Systemic lupus erythematosus
- Ulcerative colitis

For more info on PMBs, visit www.medicalschemes.com and click on Prescribed Minimum Benefits under Quick Links.

How Bankmed pays for Prescribed Minimum Benefits (PMBs)?

We pay for the cost of the diagnosis, treatment and care of PMBs in South Africa. We pay for PMBs in full from your Insured Benefit if you follow the three criteria for full cover. We always pay for emergency medical treatment, even if you use a non-Network Provider.

If it is not a medical emergency, a Network Provider is available and you use a non-Network Provider, we cover the diagnosis, treatment and care of PMBs at the Scheme Rate.

At Bankmed, these PMBs are subject to pre-authorisation, clinical protocols and registering for Managed Care Programmes. This means you **must apply for these benefits** or we pay for treatment from your day-to-day benefits. After you reach your sub-limit for chronic medication, we only provide funding for medicine as a PMB.

Please refer to the Visual Overview of each Plan for a list of Network Providers. Visit www.bankmed.co.za and select **Network Providers** to find a DSP near you.

Kindly note:

- Claims for services that would have qualified as PMBs in South Africa but are obtained outside the borders of South Africa, are treated as ordinary claims and payment depends on your Plan's benefits
- Pre-authorisation, medicine lists (formularies) and Scheme protocols apply for PMB cover
- We only pay diagnosis costs as a PMB if the diagnostic investigation confirms a PMB diagnosis
- When this schedule sets out insured limits, we pay relevant claims (including PMBs) up to the limit. When you reach the limit, we only fund PMBs if they meet the criteria for PMB cover
- As per the Council for Medical Schemes directive, Medical Schemes are not allowed to pay any PMB claims from members' Medical Savings Account
- Even if we usually fund a benefit as 'payable from Medical Savings Account' or as 'no benefit' in this schedule, we still pay for PMBs as long as members meet the criteria for PMB cover

What if I cannot use a Network Provider?

In a medical emergency, you may go straight to the nearest hospital. Otherwise, you should find a Healthcare Professional in our Network or find out if your Healthcare Professional is in our Network before you visit them.

There are two other situations in which you may be forced to (involuntarily) use the services of a non-network Healthcare Professional. For us to pay as a PMB, you must first get pre-authorisation so we can confirm if an exception applies to you:

- The service is not available from a Network Provider or cannot be provided without reasonable delay and/or
- You need immediate medical or surgical treatment for a PMB condition and the circumstances or location reasonably prevent you from using a Network Provider, or no Network Provider is within reasonable proximity to your home or work address

SAVE YOUR MEDICINE BENEFITS AND MAKE YOUR RAND GO FURTHER

What we do to help you save costs

As chronic and acute medication can be very expensive, it is important to ensure that your benefits are used wisely. We have a few tips to help you save your benefits.

What is chronic medication?

Chronic medication refers to medication you have to use on a continuous basis over an extended period of time to control life-threatening conditions, such as high blood pressure or asthma. This differs from acute medication, which is medication prescribed to treat a single incidence of an illness, such as colds and flu.

What is generic medication?

Generic medication is merely a 'copy' of the original brand-name medication. They are chemically identical to their brand-name equivalents in dosage, strength, quality, performance characteristics and intended use.

The only differences are that generics may look different and are more cost-effective than branded medication. Remember that generics are not equally priced. Some generics are more cost-effective than others. Ask your pharmacist or Healthcare Professional for the more cost-effective generic when claiming, to avoid any out of pocket expenses.

Tips for extending your benefits

When applications for chronic medication are reviewed, Bankmed may recommend substitution of the prescribed medication with a cost-effective generic alternative to ensure you have the best cover. In this case, it is important to note that no changes to your medication will be implemented if your Healthcare Professional has not agreed to a generic substitution.

For members on the **Essential and Basic Plans**, generic medication is subject to a prescribed formulary. Please check with your Healthcare Professional that it is on the formulary.

Members on the **Core Saver, Traditional, Comprehensive or Plus Plans** may also have a co-payment for generic medication. Please consult your Healthcare Professional.

MEDICAL SAVINGS ACCOUNT (MSA)

Which Plan has a MSA?

Members on the Core Saver, Comprehensive and Plus Plans have access to an MSA.

What is a Medical Savings Account (MSA)?

The MSA is an upfront benefit we provide you with at the beginning of the year. This amount is pro-rated by the number of months remaining if you join after 1 January. You may use your MSA to pay for day-to-day medical costs like Healthcare Professional visits, x-rays and dentist visits. Legislation prevents Bankmed from funding PMBs from your Medical Savings Account even when requested by you. This advanced amount will be paid back by you as part of your monthly contribution to the Scheme. The money in your MSA that you haven't used by the end of the year is carried over to the following year.

How can you manage your MSA so you and your family can enjoy the benefits for the whole year?

Pace yourself

Work out a budget just as you would with a savings account at the bank. Know how much you have available for the year, and plan important check-ups over the course of the year. Use pharmacies or clinic services that offer free blood pressure tests or administration of flu shots (covered from your Insured Benefit so you don't use the funds in your Medical Savings Account).

Choose medication wisely

According to the International Generic Pharmaceutical Alliance, generics can be between 20 and 90 percent cheaper than non-generic brands. When you fill your prescription, ask the pharmacist if a generic is available. Remember to ask for cost-effective generics as they vary in cost.

You can also save by only using one medication to treat a condition. For example, if you have a runny nose, congestion and headache, ask your pharmacist if there is a single medication to relieve all your symptoms.

Stay healthy

A healthy lifestyle and diet, and regular exercise go a long way to ensuring wellbeing. Cut back on bad habits like smoking to improve your overall health. The first step to improving your health is to have a Personal Health Assessment to identify health risks.

Visit www.bankmed.co.za for more information.

We offer preventative and screening benefits that include health tests, screenings and vaccinations to prevent and manage diseases. This is paid from your Insured Benefits so they don't affect your MSA balance.

Contact us

If you have any questions about your MSA or Plan benefits, visit www.bankmed.co.za where you have access to your MSA balance and your claims.

ANNUAL THRESHOLD (AT) AND THE ABOVE THRESHOLD BENEFIT (ATB)

The Plus Plan offers an Above Threshold Benefit

The Above Threshold Benefit (ATB) acts as a safety net if you run out of funds in your Medical Savings Account during the year. It is an Insured Benefit, which can only be accessed when claims paid from the Medical Savings Account reach a specific level, known as the Annual Threshold.

Claims paid from the Medical Savings Account accumulate to the Annual Threshold at 100% of the Scheme Rate. If your Healthcare Professional charges more than the Scheme Rate, you run the risk of running out of funds in your Medical Savings Account before reaching the Annual Threshold and you may end up with a Self-payment Gap.

If this happens, you must continue to submit your claims to Bankmed even if no benefits are available. The claims will continue to add up to the Annual Threshold.

As soon as you reach the Annual Threshold, the Above Threshold Benefit will kick in and you will have limited Insured Benefits available to pay further out-of-hospital claims. You can make your Medical Savings Account last longer and avoid a Self-payment Gap by visiting a Healthcare Professional that charges fees that are in line with the Scheme Rate.

Please note that there are limits to the amounts that can accumulate towards the Annual Threshold and be paid from the Above Threshold Benefit for certain categories, including, but not limited to:

- Prescribed acute medicine (medicine you have to take for a limited time)
- Dentistry claims (including preventative and basic dentistry, advanced dentistry and all other dental services), and
- Optometry consultations, prescription lenses and readymade readers, contact lenses, fitting of contact lenses and other optometric services such as refractive surgery.

DEDUCTIBLES THAT APPLY WHEN YOU ARE ADMITTED TO HOSPITAL OR A DAY CLINIC

A deductible is an upfront payment that you need to make if you are admitted to a hospital or day clinic for certain procedures. The Benefit Tables briefly outline the deductibles applicable per Plan type. This section of the Benefit and Contribution Schedule sets out the detail in respect of deductibles that may be applicable to you.

A beneficiary will be responsible for a deductible in respect of the hospital account for certain hospital events, unless the admission is related to a Prescribed Minimum Benefit diagnosis typically as a result of an emergency. The deductible will apply regardless of whether the procedure attracting the deductible is the primary reason for the admission or not. There are other instances where the deductible does not apply and we have set this out later in this section. Except where provided for in the Prescribed Minimum Benefits, a Deductible will apply under the following circumstances:

1. DEDUCTIBLE APPLICABLE TO USE OF A NON-DSP FACILITY

A deductible will apply to all beneficiaries on the below Plans when the beneficiary chooses to utilise a Non-DSP facility (both hospital and day clinics). The deductible applies upfront and will need to be settled at the facility prior to admission.

Applicable to Basic, Core Saver, Comprehensive and Plus Plans	Applicable to Traditional Plan
Member to fund the specified deductible upfront upon admission:	Member to fund the specified deductible upfront upon admission:
PMB admission: involuntary use of non-DSP No deductible	PMB admission: involuntary use of non-DSP No deductible
PMB admission: voluntary use of non-DSP (deductible applies to all admissions)	PMB admission: voluntary use of non-DSP (deductible applies to all admissions)
Day clinic: R240 per admission	Day clinic: R240 per admission
Hospital: R600 per admission	Hospital: R4 990 per admission
Non-PMB admission	Non-PMB admission
Day clinic: R240 per admission	Day clinic: R240 per admission
Hospital: R600 per admission	Hospital: R4 990 per admission

2. DEDUCTIBLE APPLICABLE TO A SPECIFIC LIST OF TREATMENT/PROCEDURES CARRIED OUT IN A DAY SURGERY NETWORK

Applicable to Basic, Core Saver, Traditional, Comprehensive and Plus Plans. Deductible applicable to the Essential Plan in so far as PMB admissions are concerned.

The following conditions/procedures will NOT attract a deductible at a Day Surgery Network (list of conditions/procedures applies to DSP only):

- | | |
|---------------------------|--|
| 1. Adenoidectomy | 12. Myringotomy with intubation (grommets) |
| 2. Arthrocentesis | 13. Nasal cautery |
| 3. Cataract Surgery | 14. Nasal plugging for nose bleeds |
| 4. Cautery of vulva warts | 15. Proctoscopy |
| 5. Circumcision | 16. Prostate biopsy |
| 6. Colonoscopy | 17. Removal of pins and plates |
| 7. Cystourethroscopy | 18. Sigmoidoscopy |
| 8. Diagnostic D and C | 19. Tonsillectomy |
| 9. Gastroscopy | 20. Treatment of Bartholins cyst/gland |
| 10. Hysteroscopy | 21. Vasectomy |
| 11. Myringotomy | 22. Vulva/cone biopsy |

If the member chooses to have the abovementioned procedures/treatments performed in a non-network Day Surgery facility or in a hospital, the member will be liable for a R1 575 deductible per admission.

Essential Plan members do not have access to the full list of treatments/procedures listed above as cover is limited to PMB cover. In the event that an Essential Plan member elects to have the procedure performed, and the underlying diagnosis is a PMB diagnosis, then the member qualifies for the treatment. However if the listed procedure is performed in a non-network Day Surgery facility, or in a hospital, the member will be liable for a R1 575 deductible per admission.

Other hospitals (non-DSPS)

If the member has the listed procedure/treatment performed in a hospital or non-DSP day surgery facility, the deductible applies as follows:

PMB admission: involuntary use of a non-DSP:	No deductible
PMB admission: voluntary use of non-DSP:	R1 575 deductible per admission
Non-PMB admission:	R1 575 deductible per admission

Deductible payable on admission.

3. DEDUCTIBLE APPLICABLE TO DENTAL ADMISSIONS TO PRIVATE HOSPITALS AND DAY CLINICS

A deductible will apply to all beneficiaries on the below Plans when the beneficiary is admitted to hospital or a day clinic for dental treatment. The deductible applies upfront and will need to be settled at the facility prior to admission.

Applicable to Traditional, Comprehensive and Plus Plans

Member to fund the specified deductible upfront upon admission:

Day clinic:	R240 per admission
Hospital:	R1 775 per admission

4. DEDUCTIBLE APPLICABLE TO A SPECIFIC LIST OF TREATMENT/PROCEDURES PERFORMED IN HOSPITAL NETWORK DSPS

A deductible will apply to all beneficiaries on the below Plans when the beneficiary obtains treatment for the specified treatment/procedures set out below. The deductible applies when the beneficiary is admitted to hospital or a day clinic that falls within the list of DSP/network providers. The deductible applies upfront and will need to be settled at the facility prior to admission.

The following conditions/procedures will always attract a deductible at a hospital/day clinic (list of conditions/procedures applies to DSP only):

1. Oesophagoscopy
2. Simple abdominal hernia repair

Applicable to Basic, Core Saver, Traditional, Comprehensive and Plus Plans Hospital Network DSPs

Member to fund the specified deductible upfront upon admission:

Day clinic:	R240 per admission
Hospital:	R600 per admission

5. GENERAL INFORMATION ABOUT DEDUCTIBLES

Deductibles are payable in respect of all hospital admissions except under the following circumstances:

- a. Prescribed Minimum Benefit conditions where admission to a non-DSP is on an involuntary basis. In the case of other PMB conditions, where a non-DSP has been used on a voluntary basis, the deductible will be applied.
- b. Confinements are excluded from deductibles.
- c. Re-admissions to hospital within 6 weeks of discharge following complications directly related to a prior admission in respect of which a deductible was levied.
- d. Admissions to a State Hospital.
- e. Authorised day clinic admissions for specified procedures, as communicated to members from time to time.

If you have an upfront payment, you will only have to pay one deductible for each admission. However, we calculate the upfront payment according to the highest deductible for the admission.

For example:

- a. A Traditional Plan member going to a non-network hospital for dental treatment will pay R4 990 upfront for not using a network hospital as this is more than the dental upfront payment.
- b. A Comprehensive Plan member going to a non-network hospital for dental treatment will pay R1 775 upfront for the dental procedure as this is more than the non-network upfront payment.
