

## CORE SAVER FORMULARY FOR PHARMACY ADVISED THERAPY (PAT) EFFECTIVE 1 JANUARY 2018

- This benefit is only available to members on the Core Saver Plan, subject to a formulary and quantity limits for Pharmacy Advised Therapy.
- This is an insured benefit for acute medication prescribed by a pharmacist in respect of a limited number of conditions and incidents.
- Once the member has utilised all episodes of the listed conditions for which the pharmacist may prescribe acute medication, funding for additional acute medication for these conditions will be subject to the available savings.
- Medicine will be paid at 100% of cost and subject to the Bankmed Pharmacy Network dispensing fees.
- The following conditions and number of incidents, subject to the formulary, will be covered:

Condition	Number of incidents
Abdominal pain/dyspepsia/heartburn/indigestion (includes reflux)	2
Helminthic (worms) infestation	2
Conjunctivitis, bacterial	2
Topical candidiasis (topical thrush)	2
Oral candidiasis (oral thrush)	2
Headache – Analgesia	2
Upper respiratory and lower respiratory tract infections	2
Gastroenteritis	2
Urticaria, insect bites & stings	2
Urinary tract infection	2
Treatment of wounds and/or infection of the skin/subcutaneous tissues (excluding post-operative wound care)	2
