"Electronic Health Record" (or EHR) is a regularly updated summary of all information (also referred to as "my information") that is accessible and made available through the Bankmed Electronic Health Record application.

"My information" refers to all personal, other and possibly sensitive medical, clinical or claim information (recorded in the EHR) and includes:

- All existing and newly diagnosed chronic conditions
- Chronic Illness Benefit and Plan type information
- Certain biographical details

Acknowledgement

I acknowledge that –

- Bankmed's administrator has developed an application ("Electronic Health Record") medical practitioners can use to access my information recorded in my Electronic Health Record (EHR).
- The purpose of Electronic Health Record is to support and enable quality clinical care to members and to help reduce the administrative burden on medical practitioners accessing my information.
- Only medical practitioners who have subscribed to and are authorised to use my Electronic Health Record and its features ("authorised medical practitioners") can access my information.
- All authorised medical practitioners who treat me from time to time may only request and access my information through the EHR if they have my consent.
- Once I have granted consent, any authorised medical practitioner who I may consult from time to time and who have my consent may access all my information recorded in my EHR, including details of consultations with other medical practitioners I may have consulted before.
- I may at any time change or revoke my consent by formally letting Bankmed know of my decision. In this case, Electronic Health Record will grant authorised medical practitioners access to my information only up to the date I change or revoke my consent and will not make my information available to any third party from then on. By granting my consent, I provide Bankmed with permission to share my information (through my EHR) with my authorised medical practitioners to assist in making informed clinical decisions.

I understand that once Bankmed has shared my information with authorised medical practitioners, Bankmed has no further control over this information and will not be accountable for its safeguarding. I also understand that the authorised medical practitioners have confirmed to the Scheme's administrator that they will treat my information as confidential and in line with applicable laws.

I note that Bankmed will, as required by and in adherence with applicable laws, protect and maintain the confidentiality of my information.

Consent

- 4.7. By consenting, I agree to –
- 4.7.1. My information being made available to authorised medical practitioners through Electronic Health Record for the purposes outlined in this form.
 - 4.7.2. Bankmed's administrator receiving my information directly from any Healthcare Professional and making this available through my Electronic Health Record.
- 4.8. I am entitled to change or revoke my consent at any time.
When I revoke my consent, medical practitioners will no longer be able to access my information.
- 4.9. The consent I provide (as set out in this form) is valid from the date and time when I give consent and will continue until I change or revoke my consent as explained in point 2.
- 4.10. I agree that by making this information available, the Scheme's administrator will not be responsible for any loss or damage (whether direct or indirect) that may arise from the use of this information, other than where it is due to or attributable to grossly negligent or fraudulent conduct by the Scheme and/or its administrator.
- 4.11. I provide permission for my authorised medical practitioners to provide the Scheme and the administrator with my diagnosis and other relevant clinical information to review applications for the Chronic Illness Benefit. For the Chronic Illness Benefit, I understand that –
- 4.11.1. Funding from the Chronic Illness Benefit depends on meeting benefit entry requirements as determined by Bankmed.
 - 4.11.2. It provides cover for disease modifying therapy only, which means that not all medicines for a listed condition are automatically covered or funded.
 - 4.11.3. By registering, I agree that my condition may be subject to disease management interventions and periodic review and that this requires giving both Bankmed and my authorised medical practitioners access to my information.

4.11.4. Funding for medication will only be provided from when Bankmed receives and approves an application form that is completed in full.

4.11.5. I may need to send an updated or new application form, if Bankmed asks for this.

- 4.12. I have had an opportunity to read (or have read to me) and I am aware of and fully understand all the terms, conditions and consequences of providing my consent.
- 4.13. I have had sufficient opportunity to ask questions about this consent form and have had these questions, if any, answered to my satisfaction by Bankmed and/or its administrator.
- 4.14. I have been made aware that the full terms and conditions can be accessed on www.bankmed.co.za or by calling 0800 BANKMED (0800 226 5633) and that Bankmed will provide me with a copy of this consent form on my request.
