

Bankmed Basic Plan Acute medicine list (formulary) 2024

Who we are

Bankmed (referred to as 'the Scheme'), registration number 1279, is a non-profit organisation, registered with the Council for Medical Schemes. Discovery Health (Pty) Ltd (referred to as 'the administrator') is a separate company and an authorised financial services provider (registration number 1997/013480/07) which takes care of the administration of your membership for the Scheme.

Overview

- This medicine list (formulary) contains medication for acute (short term) use only
- We have set the quantity of medication for each medication sub-category (medication with similar therapeutic effects) according to a specified number of days. For example, a member can claim up to a maximum of 30 Moxymax 250mg capsules once every 120 days or 200ml Augmaxcil S suspension once every 120 days.

Kindly note: You may prescribe only one medication from each medication sub-category in the specified period. For example, you may not prescribe Disprin and Paracetamol within 120 days of each other, because both medications are in the same medication sub-category.
